

K-Love serves us in the Suffolk area with music that I personally desire for my family. There is no other station that we receive, and it would be a travesty to take this station from us, by the LPFM broadcast service you propose. This will not allow us to receive the music that we desire to hear, but more than just music, it is our way of life, what we believe. Please don't take this from us. K-Love has a huge public following here and it will affect thousands of people here who regularly listen to K-Love. Please take these things into consideration before deciding and realize that the community will be much better off as a whole if you leave things the way they are. We have so many FM stations now that it is hard to imagine how we could possibly have more. Please keep things the way they are.

Thank You,
Paul S. Myler
